

[Join us for the 2022 Transform! An event for radiology fellows and residents](#)

Radiology Partners is again excited to present Transform, a unique event for radiology fellows and third- and fourth-year residents who want to connect with radiology leaders and other trainees to learn more about our industry, radiology's place in healthcare and the mission of RP.

At the event, radiology fellows and residents attend interactive sessions to learn about RP's commitment to our mission to transform radiology through clinical initiatives, academic partnerships and positive culture. Attendees will experience the culture of RP first-hand, attend valuable educational presentations, enjoy social time with peers and advance their radiology networks.

To learn more, visit RP's blog and watch the video highlighting the [2021 Transform](#). You can also search for the hashtag [#RPTransform21](#) on Twitter for all updates from last year's event and see the
